

*Mark your calendars .....*

**SUMMER 2017: 2 Day SMARTS Summit , Lexington, MA**

**August 10-11, 2017 , 9:30am-1:30pm**

**\$395**

(fee includes free one day access to the entire SMARTS curriculum, materials, lunch, and free parking)

**<https://www.researchchild.org/events/smarts-summer-summit/>**

Learn to teach the **SMARTS Online** executive function curriculum designed to help students with critical executive function processes: organizing, prioritizing, self-checking, self-monitoring, memorizing, time management and flexible thinking.

The SMARTS professional team will present a workshop that allows educators to understand the theoretical framework underlining SMARTS, while learning practical solutions for their classrooms or schools. Attendees will participate in a “Best of SMARTS” series and will examine and practice the implementation of lessons which will be most critical for students during the coming school year.

This workshop requires neither prior experience with the curriculum nor previous teaching of executive function strategies. There is no obligation to purchase the SMARTS curriculum. At the end of the two day course, you will be presented with a certificate of completion for 8 hours of instruction.
