

Master your Mind

The SMARTS Way

Pathways to Success for all Learners

SMARTS

Strategies, Motivation, Awareness, Resilience, Talents, and Success

Our **Master YOUR Mind** courses incorporate lessons from our research based **SMARTS** executive function curriculum. Experienced educational therapists help students become more aware of their personal learning profiles, and teach them strategies for success in school and life. The courses are organized in modules with lessons appropriate for each level, and include opportunities for partner and group activities, guided practice, and independent application. Students leave the course with personalized strategy notebooks that they can use as a resource when they return to school.

WHEN: **High School students (entering 9th-12th graders)** August 6-10 1:00- 3:30
