Crack the Case... Test-taking doesn't have to be a mystery!

Standardized tests are here to stay, so let us help you learn how to deal with them! An educational therapist from the Institute for Learning and Development (ILD) will teach you five essential strategies that will help you navigate safely through the sometimes murky waters of standardized testing! Using specific examples from the SSAT/ISEE, you will have the chance to practice these strategies and apply them directly to the test. You will leave with a personalized strategy notebook to help you unlock the strategies for taking the test!
